

Seaspan is the largest independent charter owner and manager of containerships. We provide industry leading ship management services for a modern fleet of containerships chartered to major container liner companies. We enter into long-term time charters with credit-worthy liner customers in order to generate long-term stable cash flows. Our primary objective is to continue to grow our business through accretive vessel acquisitions as market conditions allow.

 - ~\$5.7b in contracted revenue²
 - Average remaining time charter length of ~5 years, on a TEU-weighted basis
- Strong and flexible capital structure
- History of successfully operating through shipping cycles

Financial Summary

US\$ in millions

	3 Months Ended Mar. 31, 2016 (unaudited)	12 Months Ended Dec. 31, 2015 (audited)
Revenue	\$216	\$819
Operating earnings	\$85	\$351
Annual dividend per common share	\$1.50 ³	\$1.50
Vessel assets	\$5,247	\$5,278
Total assets	\$6,101	\$6,109
Total liabilities	\$4,372	\$4,333

NOTES:

- (1) As at market close, and 52 weeks ending, May 5, 2016.
- (2) The minimum future revenues to be received on committed time charter party agreements and from sales-type capital leases are based on 100% utilization, related to committed time charter party agreements currently in effect, and assume no renewals or extensions, as at March 31, 2016.
- (3) 2016 annual expected dividend per common share based on current quarterly common share dividend of \$0.375 per share; subject to declaration by Seaspan's board of directors.

Investor Summary

May 2016

OUR FLEET

Seaspan's owned and managed fleet, with a total capacity of over 935,000 TEUs⁴, is comprised of 118 containerships, including 15 newbuilding eco-class containerships scheduled for delivery to Seaspan and third-parties by the end of 2017. Seaspan's 94 owned vessels primarily operate under long term time charters with leading container liners, with approximately \$5.7 billion in total contracted future revenue². Seaspan's current operating fleet of 86 vessels has an average age of approximately six years and an average remaining time charter period of approximately five years, both on a TEU-weighted basis.
