

QUALITY POLICY

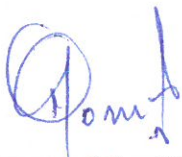

Seaspan Ship Management Ltd. (SSML) is committed to establishing safe, reliable, and economical operations. The company has implemented the Seaspan Management System (SMS) which incorporates the following aims and objectives relating to Quality Management:

- 1) To understand the needs of our Customers and Interested Parties and meet terms and conditions made in the Charter Party and other standards adopted by SSML.
- 2) To action key issues which are relevant to our Customers and Interested Parties and communicate effectively.
- 3) To identify skills/personnel required to deliver the agreed level of service.

SSML will achieve these aims and objectives through the following measures:

- 1) Communicate with our Customers and Interested Parties on a continual basis.
- 2) Proactively seek and identify opportunities for improving the quality of our service to Customers and Interested Parties.
- 3) Conduct shipboard and shore-side audits and inspections to determine the effectiveness and implementation of the SMS.
- 4) Provide suitable and sufficient resource, training, instruction and information to all shipboard and shore-side personnel to secure personal contribution towards defined aims and objectives.

The SSML Quality Policy will be implemented throughout the organization and made available through the Company Website.
